

RevoSet® holder for reset-chips on toner HP 59A/X (CF259A/X)

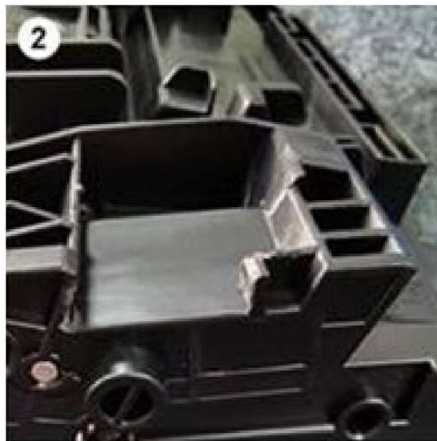

1/1

The **RevoSet** holder for reset chips on HP toner cartridges 59A/X replaces the original chip holder if it has been damaged during removal of the original chip.

Take a knife and flatten the surface for the chip holder.

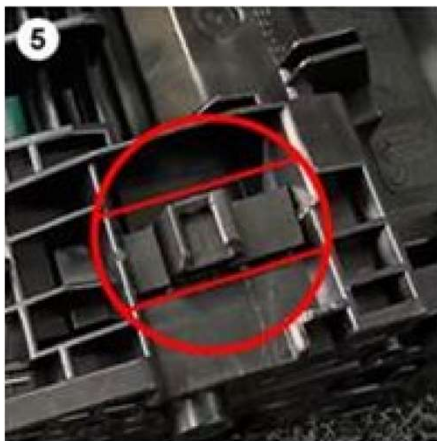

It should finally look like this

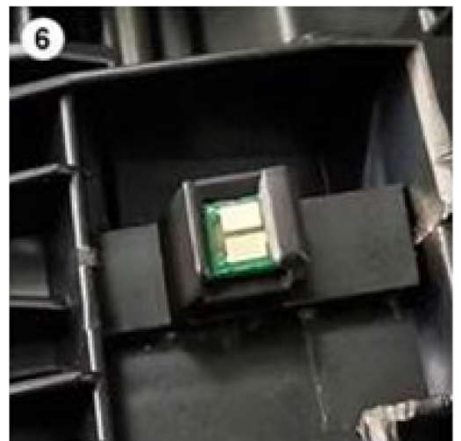

Take a **RevoSet** holder for reset-chips

Apply a piece of double-sided tape to the back of the chip holder.

Stick the chip holder in the original position as it was before. This must be done with care to align properly

Insert the new **RevoSet** reset-chip into the chip holder
